CROSS-BORDER ADVISORY · UK–INDIA

DATASHEET · JULY 2026

How Vrkan Engages
The Service Ladder

Four ways to start — from a single clarity call to a standing expansion partnership.

By the Vrkan Editorial Team

How Vrkan Ventures engages — four ways to start, from a single call to a standing expansion partnership.

The service ladder

Engagement	What it includes	Best for
Clarity Call	A focused senior session to pressure-test your corridor plan and next steps	Firms scoping the opportunity
Blueprint	A structured market-entry plan: target structure, route, sequence and roadmap	Firms ready to commit to entry
Liaison & Setup Desk	We coordinate incorporation, registrations and providers, and represent you locally	Firms in active setup
Expansion Partner	Ongoing representation: meetings, reporting, issue escalation, compliance oversight	Firms building a lasting presence

What you get in every engagement

- A single, accountable point of coordination across both sides of the bridge.
- The right qualified specialists coordinated — legal, tax, accounting, secretarial, banking.
- Timelines managed, meetings attended, and you kept informed throughout.

Fees & scope

Engagements are scoped to your needs and quoted in GBP and USD. Indicative packages and fee ranges are set out on the Vrkan pricing page. Vrkan is a coordination and advisory partner — not a law or accountancy firm; regulated work is delivered by appropriately qualified professionals we coordinate on your behalf.
